11                  E D W A R D   C H R I S T O P H E R  
12                  S H E E R A N, called as a witness, having been  
13                  duly sworn by a Notary Public, was  
14                  examined and testified as follows:

15                  EXAMINATION BY

16                  MS. VIKER:

17                  Q.         Would you please state your name  
18                  for the record?

19                  A.         Edward Christopher Sheeran.

20                  Q.         And have you ever been deposed  
21                  before?

22                  A.         No. First time.

23                  Q.         Okay.

24                  There's a couple of ground rules  
25                  just to make the process go easy.

1                   Edward Christopher Sheeran  
2 remember anyone else?

3                   A.       I remember there was a keyboard  
4 player called Luke Judy --

5                   THE COURT REPORTER: There was  
6                   a --

7                   A.       Keyboard player. And I remember  
8 they swtched drummers about three times in  
9 the tour, so I didn't really get to know the  
10 drummer.

11                  Q.       Sounds very Spinal Tap.

12                  A.       Yeah.

13                  Q.       All right.

14                  Now, when you were touring with  
15 Just Jack, was it you and a guitar or did you  
16 have any kind of supporting instruments?

17                  A.       No, it's always really been me  
18 and a guitar for live shows. Yeah, I have a  
19 thing called a loop station, which you can  
20 loop songs on.

21                  Q.       Did you play cover songs or were  
22 you playing your own songs?

23                  A.       Early on, no, I didn't touch  
24 cover songs when I played, because I was  
25 trying to get my music out there. Apart from

1                   Edward Christopher Sheeran  
2       the last song of the set was a song called  
3       "You Need Me, I Don't Need You" where I would  
4       mash up songs in it. So I would put in  
5       Dr. Dre's "The Next Episode", 50 Cent's "In Da  
6       Club". There was a reggae band called Laid  
7       Blak that had a song called "Red" so I would  
8       finish the show mostly because at that time I  
9       was playing urban nights with songs that would  
10      surprise people that I knew.

11                  Q.        Okay.

12                  When did you first start writing  
13      songs?

14                  A.        I wrote my first song when I was  
15      11.

16                  Q.        11. What was that song?

17                  A.        I don't know. I get asked that a  
18      lot. I don't know.

19                  Q.        Do you -- do you recall if you  
20      sat down at a piano and wrote it or did you  
21      write it on a guitar?

22                  A.        I lost the ability to play piano  
23      when I picked up guitar. So I can, like any  
24      musician, play the white notes, but that's  
25      about it.

1                   Edward Christopher Sheeran  
2 particular song, "Thinking Out Loud", has  
3 become a very popular choice played at  
4 weddings?

5                   A. Again, there is about four or  
6 five of my songs that are popular wedding  
7 songs as well. "Perfect" this year -- the  
8 song "Perfect" is the most popular song of  
9 this year for weddings. I think I'm an artist  
10 that people go to to have wedding songs for.

11                  Q. Okay.

12                  Have you ever heard specifically  
13 about "Thinking Out Loud" being a choice for  
14 weddings?

15                  A. Yes.

16                  Q. Okay.

17                  Do you know where you first heard  
18 about that?

19                  A. I think -- no, I don't know. I  
20 have no idea.

21                  Q. Have you ever had the occasion to  
22 play "Thinking Out Loud" in a medley with  
23 "Let's Get It On" during a live show?

24                  A. Yes.

25                  MS. FARKAS: Objection.

1                   Edward Christopher Sheeran

2                   A.         I did it in France. I was doing  
3                   a tour in France, very small venues, and I had  
4                   been playing the same songs every day for a  
5                   long time and each song of the set was a  
6                   mashup. So "Don't," for instance, I would  
7                   mashup with a song of mine called "Nina",  
8                   which I would also mashup with a Chris Brown  
9                   song called "Loyal" and then mashup with "No  
10                  Diggity", Blackstreet and then I'd mash it up  
11                  with 50 Cent. Like I spent a tour mashing up  
12                  songs.

13                  Q.         Okay.

14                  A.         Because all songs have four  
15                  chords, you can mashup any song.

16                  Q.         Um-hmm. All right.

17                   We've got a disk I just want to  
18                  enter into evidence of you playing. That will  
19                  take me just a second.

20                  A.         Yeah, no that's fine.

21                  MS. VIKER: You can go pee, if  
22                  you want.

23                  THE WITNESS: Yeah, I'm gonna go  
24                  pee as well.

25                  MS. FARKAS: Going off the
